## TIMELINE & HIGHLIGHTS

## DIRECTOR'S STATEMENT

“Getting people out of the house to enjoy cultural experiences together in the same space and at the same time has always been the core purpose of Live Cinema UK. These past couple of years, more than ever, we have all felt the true value of such experiences largely because they have been taken away from us.

As we move into 2022, Live Cinema UK are picking up our mission with more enthusiasm and purpose than ever before, and we look forward to welcoming you to some memorable and beautiful in-person immersive experiences.”

*Lisa Brook, Artistic Director & CEO*
